I hope your birth experience will be the most joyful event in your lives. In order to prepare for this, you must do your part. I will give you information, but you must make your own decisions. Many issues are controversial and still unresolved. Every intervention has potential risks, as well as possible benefits. I do not give medical advice. I give information so that couples can make decisions based on informed consent and pros and cons of all options. My information comes from my training and experiences at births, including my own. I believe in the natural way of birth.

Service Description

Childbirth classes help expectant parents learn about and prepare for labor and birth. This childbirth education series is twelve (12) weeks in length. This series is taught in a group setting, similar to traditional hospital childbirth classes, unless private classes have been arranged.

Limitations/Disclaimer

The information given in this class is evidenced-based. It is not intended to take the place of your care provider's advice and/or protocol. If information given conflicts with your care provider's information, I recommend you research further in order to make an informed decision.

Fees

The cost of the course is \$375.00 per couple. A non-refundable deposit of \$50 is due prior to beginning of the series, or at the signing of this contract. Once deposit is paid and contract signed, the student's space will be held in the class. The remaining non-refundable \$325 is due at the beginning of the first class.

Refunds & Cancellations

In the event of illness or injury on the part of the instructor, severe weather or birth, the class will be rescheduled or will be a take home class. If you cannot attend a class, please contact me. I am happy to provide you the information from the missed class. A refund for the missed class will not be issued. If you choose to stop attending class, a refund will not be issued.
